

We're *always* here for you!

Broadband Technician Trainee

Wyoming Mutual Telephone company is looking for a broadband technician trainee to join our team. Our company is expanding our fiber to the home network in Jones County, IA.

If you are good with your hands, have a technical aptitude and are willing to learn, this would be an excellent opportunity for a career with an exceptional local company.

We will train you to provide customers with the latest broadband technology by providing installation, repair, and maintenance of our fiber optic communications equipment.

What we provide:

- Hands-on and classroom training – you gain valuable technical college credentials
- Company-issued vehicle and tools
- Varied and interesting work
- A work-life balance
- Service discounts
- comprehensive benefits package.

If you have an eagerness and willingness to learn and keep learning, possess a strong work ethic and a desire to provide our community top-notch customer service, send your resume to us or stop in to fill out an application.

Send resumes to or contact:
